Dear Ms. Fornes:

I am writing this letter to express my deepest thanks to the Christopher Douglas Hidden Angel Foundation for your generous donation of a multi-sensory room to Lake Asbury Junior High. As you know, equipment for these students can be very expensive and with the ever growing population in our area, new schools are being built as fast as we can fill them, which in turn translates into tighter budgets for everyone. With the generous donation from your foundation, however, our school will now be able to serve students with learning disabilities of all areas, ranging from communicating with others, sensitivity to touch, limited movement, etc., the opportunity to develop these skills and become more involved with their environment.

I also appreciate your hands on involvement in the setting up of this room, beginning with your presentation, the design of the room, right down to your donation of many long hours, at the school, assisting in the installation of the equipment.

I look forward to the dedication of this room and feel fortunate that our school will play an important part in improving the health and quality of life of our disabled students with the use of this room.

Sincerely,

Ed Paulk, Principal
