Dear Ms. Fornes:

On behalf of the Board of Directors of United Cerebral Palsy of Greater Birmingham, I would like to thank you for donation from the Christopher Douglas Hidden Angel Foundation of a Multi Sensory Environment which was constructed in our Hand In Hand Child Enrichment Program. We are very excited about the possibility that this holds for the children and adults served by our agency. We are also very excited about the partnership that we have developed with the School of Health Professions at the University of Alabama at Birmingham to conduct research regarding the impact of Multi Sensory Environments on children and adults with disabilities.

United Cerebral Palsy of Greater Birmingham is committed to the guiding principles of the Christopher Douglas Hidden Angel Foundation, including independence, inclusion, self-determination, and productivity. We are excited about the continued partnership with the Hidden Angel Foundation to enrich the lives, health and social well being of people with cognitive, emotional, and physical challenges through the use of Multi Sensory Environment. We will always be indebted to the Hidden Angel Foundation for your vision for children and adults with disabilities.

Sincerely,

Gary Edwards, Ph.D.  
Chief Executive Officer

GE:ds
